them, the shoes
really stand out

LET'S
DO IT
AGAIN
!!!

Thank you for reading "Moratte Kudasai"!

- It's a story I wrote while thinking, "uke who has a good body but a soft personality is cute" and "virgins are cute" so there were some chapters that, even I think, "what is with this chapter...?" when I was re-reading... especially the one about false killer whales... what was that chapter...? It was abnormally fun.
- The word virgin does feel like it's become naïve. While I do think it's a good flow, I personally think cute things are cute, so I want to keep thinking "I like virgins" without being too overbearing or using the word to diss people. I want to draw more virgin seme in the future.
- Kisuke kept getting smaller and his eyes were getting bigger... is what I felt like was happening until he became the size of a palm on the front cover. At the tanko design meeting, my editor said something like, "Naka-chan is in the middle of the cover and the small Kisuke is..." so I think I was super excited, saying "I know, right!!!!!!!!!!!!!!"
- I drew this while chasing positive primitive feelings like love, cute and lewd, so I would be overjoyed if you enjoyed the series.
